1. Fees for applications not covered in this schedule will be determined by Council at the time of application.
2. Fees may be negotiable under special circumstances. Council may waive or partially waive a development application fee where:-
 - * Strict application of the scheduled fee is obviously unreasonable for the type of application being received, and/or
 - * If, because of the nature of the application there will be lower costs incurred by Council in processing the subject application
 Requests for fee reduction must be made in writing and lodged with the application and will be determined when the application is decided at which time the agreed reduction will be refunded.
3. If a review of a technical report is required to be outsourced by Council, the cost of that review is to be paid by the applicant.
4. Fees for a combined application are to be the sum of the fees that would have been required in the event of a separate development application being lodged. Combined Applications involve more than one type of development and/or multiple land use.
5. Any application not accompanied by the required application fees can not be processed under SPA because such an application will not be a 'properly made application' as stipulated under this Act. Delays may occur until the appropriate fee is submitted to Council. Applicants are urged to discuss fees with Council staff before lodging any Development Application.
6. The Planning fees nominated for MCU's, ROL's and Op Works are inclusive of the lodgement fee (\$133), assessment fee and inspection fees.
7. Inspections of completed projects are mandatory. If any inspection of such is failed and a reinspection is required the fee will be \$138.00 for sites within 15km of the post office. For distances greater than 15km - fee to be advised.
8. 48 hours notice is required before any inspection.
9. Preliminary Approvals are charged at 90% of the Development Permit cost for that the same Development
10. Council will provide prelodgment advice up to the value of \$300 (consultant costs + staff time). This will be calculated by the hours spent assessing the enquiry and providing advice to the applicant.
11. Referral Agency fees are additional to those listed herein and are to be paid by the applicant directly to the appropriate Govt. Agency/Dept.
12. Request to change development approval / Negotiated Decision Notice. *Note: Maximum fee will not exceed the original application fee. Where the proposed modification does not constitute a permissible change in the terms of the Act, a new application must be lodged together with the prescribed fee.*
