### INTRODUCTION:

#### Scope

To provide guidance and a framework for Officers involved in the investment of surplus funds controlled by Council that are not within the short to medium term required for financial commitments.

#### Funds available for Investment

Funds on hand less any funds committed to projects and or constrained funds (funds allocated for operational requirements)

### OBJECTIVES:

#### Primary Objective

To ensure protection of Councils investment funds while obtaining the most beneficial return for Council, with due recognition given to the risk profile of the institution being invested with.

#### Secondary Objective

To designate the financial institutions to be approached for quotes.

To ensure that appropriate records are kept and that adequate internal controls are in place to safeguard council funds.

## **PRINCIPLES:**

### **Guidelines**

Council's investment portfolio should be realisable without penalty, in a reasonable timeframe, in accordance with operational requirements.

### **Authorised Institutions**

Only those institutions identified as suitable under the Category 1 Investment Powers conferred by SBFA S44(1)(d) & (e) and listed on the APRA website as Authorised Deposit Taking Institutions (ADI's)

### **Quotations on Investment**

With the exceptions of monies put with the QTC capital guaranteed cash fund, at least three (3) quotations shall be obtained from authorized institutions whenever an investment is proposed. The best quote on the day will be successful after allowing for administrative and banking costs, as well as having regard to the limits set below. Council will also test any offers made by assessing the interest rate in the QTC fair value tool.

### **Term to Maturity**

The term to maturity of any Council investment may range from "At Call" to one (1) year.

### **Placement of Investment**

When placing investments, consideration will be given to the relationship between credit rating and interest rate and Councils objectives. To further diversify councils investment portfolio the following is to be used as a framework for investment of available funds;

- Not less than 60% of investment funds in AA rating or above or Queensland Treasury Corporation;
- Up to 40% of investment funds within an institution within the A rating range; and/or
- Up to 20% of investment funds within an institution with not less than BB rating

### **Council's Responsibility**

Council has a number of duties when investing funds. These are outlined in s47 and s48 of the SBFA and are summarised as;

Council must use its best efforts to invest its funds;

- a. at the most advantageous (risk adjusted) interest rate available to it;
- b. in a way it considers is most appropriate in all the circumstances and,

Council must keep records that show it has invested in the way most appropriate in all the circumstances and retain documentary evidence of the investment.
