

252 Cemeteries

General Policy

PURPOSE

North Burnett Regional Council has developed this policy to provide consistent approval to burials at North Burnett Regional Council Cemetery Facilities. The policy covers all cemeteries administrated by Council in the North Burnett Regional Council jurisdiction. The regulations in regards to burial requirements are outlined in this document for monumental, lawn sections, columbariums, walls of remembrance and memorial gardens. General information in regard to reservations of burial sites, interment of cremated remains, memorials and exhumations are provided.

SCOPE

To provide for effective, efficient and appropriate operation of public cemeteries that the North Burnett Regional Council manages on the communities behalf.

Council is responsible for the operation of public cemeteries, within the geographical boundaries of the North Burnett Regional Council jurisdiction. This responsibility includes, but is not limited to:

1. The interment of remains of deceased persons;
2. The interment of the ashes of deceased persons;
3. The installation and maintenance of memorials erected to deceased persons; and
4. The scheduled cemeteries maintenance activities consistent with Council's works program.

Cemetery Locations

Details of the cemeteries and restrictions for monumental, lawn and columbarium facilities located within the North Burnett Regional Council boundaries can be found in:-

- Attachment A – North Burnett Regional Council Cemeteries

POLICY STATEMENT

1. BURIAL RIGHT HOLDER

A Burial Right Holder holds the right to authorise the burial and cemetery works to a particular burial site. Council's *Application for Burial Rights Holder* form is required to be completed with any interment or at time of reservation. No fees are payable to be a Burial Rights Holder. Up to three (3) Burial Right Holders can be listed for a particular burial site, in order of authority. Should Burial Right Holder one be unavailable the responsibility is then transferred to Burial Right Holder two. Burial Right Holder one will have full authority to amend other nominated Burial Right Holders should the applicant be deceased.

2. APPLICATION FOR INTERMENT

Council's *Application for Interment* form is required to be completed prior to any interment. Applicable fees and charges as set by Council, are to be paid in full, in advance of any interment.

3. RESERVE FOR INTERMENT

A burial site may be reserved for interment at a later date by paying a deposit. Council's *Application for Reservation* form is required to be completed prior to reservation being processed. Applicable fees and charges as set by Council at the time of reservation will apply. A burial site is unable to be paid for in full until burial.

4. TRANSFER OF RESERVES

Rights to a resting place may be transferred to another location within Council's jurisdiction on application to the local authority by the original applicant or the person nominated on the *Burial Right Holder* form. All transfers must be recorded on an *Application for Reservation* form.

5. CESSATION OF RIGHTS

A reservation ceases to be valid if:

1. the Local Authority resolved to close the cemetery to which the *Application for Reservation* of rights refers; or
2. human remains are present in the allocated resting place or part of the resting place nominated on the *Application for Reservation*.
3. a cancellation/amendment for Reservation is received.

6. OPENING OF NEW CEMETERY SECTIONS

Reservation and interments are restricted to open sections of the cemetery only. Opening of a new section is at Council's discretion. To determine if a section has been open, Council has set the guidelines as below:

- Lawn – Plinth has been constructed
- Monumental – Through consultation with Council
- Columbarium – Columbarium wall has been constructed

7. INTERMENT OF DECEASED PERSONS

Four (4) working days notice, must be given to allow sufficient time for preparations to be completed. Interments outside stipulated timeframe will be considered in exceptional circumstances. The application must be acknowledged by a customer service representative in person or by phone. Interments shall take place within the following hours:

- Weekdays – between the hours of 8:30am and 2:00pm
- Weekends and Public Holidays – between the hours of 9:00am and 3:00pm (additional fees are applicable, refer to Council's current fees and charges).
- Outside Normal Working Hours – will only be permitted by arrangement (additional fees are applicable, refer to Council's current fees and charges).

Interments must be conducted by an approved undertaker instructed by the next of kin or executor of the estate of the deceased. The transportation, storage of human remains, and interments are to be in accordance with the relevant Acts and Regulations in force at that time.

Interments

Digging of a burial site shall only be undertaken by Council staff or those contracted by Council. No interment is permitted until Council has granted approval. Standard depth for monumental interments are dug to 1.8m however can be dug to 2.3m if requested. The standard depth for lawn interments are dug to 2.3m.

Council must ensure that:

1. the burial site is intended to accommodate a container holding non-cremated human remains is constructed such that the burial site is not less than:
 - a. 1.8 meters deep; or
 - b. 2.3 meters deep if the human remains of not more than two (2) persons are to be interred in the burial site; and/or
 - c. 1.5 meters deep if the only human remains to be interred in the burial site is that of a person not more than five (5) years of age.
2. a resting place for the placement of non-cremated human remains is not less than 2.4 meters by 1.2 meters in area;
3. the upper surface of the container holding any non-cremated human remains that are placed in a resting place is:
 - a. Placed at least 1 meter below the natural soil surface; and
 - b. Is covered with at least 0.3m of sand or other material that will identify that a container is located beneath the material.

4. burial sites are backfilled regularly with suitable material until settlement occurs.
5. all bodies for interment must be encased in a coffin with the lid securely sealed.
6. burial sites are to be closed within one (1) hour of the conclusion of the funeral service or as soon as the attendees have vacated.

Ashes interment into Columbarium Wall

Ashes may be interred into a niche in any of Council's Columbarium Walls.

Council's *Application for Interment* form, is required to be completed prior to any interment. Applicable fees and charges as set by Council, are to be paid in full, in advance of any interment.

Council must ensure that:

1. all placements of cremated human remains are carried out by Council staff and a family representative unless by special agreement or otherwise approved;
2. columbarium Wall niche sizes varies between locations, refer to Attachment A
3. container must be of approved size and material;
4. non-perishable items may be placed in a pre-purchased niche;
5. items to be recorded on interment paperwork;
6. niches are to be closed immediately following the placement of ashes;

Ashes interment into Monumental / Lawn sections

Ashes may be interred into in any of Council's Monumental or Lawn cemeteries.

Council's *Application for Interment* form is required to be completed prior to any interment. Applicable fees and charges as set by Council, are to be paid in full, in advance of any interment.

Council must ensure that:

1. where the placement of ashes is into an existing burial site, the resting place must be dug to a depth which will allow for the upper surface of the container to be covered with at least 30cm of soil;
2. where monumental work exists over a burial site where ashes are to be placed, the ashes are to be interred underneath the base of the headstone. Should this not be possible ashes are to be interred at the opposite end to the headstone to avoid the necessity to remove monumental work;
3. where a lawn plinth or beam exists over a burial site where ashes are to be placed, Council will endeavour to centre place the ashes underneath the plinth on the top side of the headstone, should this not be possible ashes are to be interred at the opposite end to the headstone.
4. burial site to be closed immediately following the placement of ashes.

Other Facilities

Ashes may be interred at other facilities throughout the North Burnett Regional jurisdiction.

Council must ensure that:

1. formal approval in writing from Chief Executive Officer / General Manager / Manager is provided
2. ashes are not placed on grounds where contact sport is played
3. ashes must be watered in one (1) hour after placement or as soon as the attendees have vacated

Interments / Reservations outside Cemeteries Policy

If an interment or reservation does not meet the requirements of this policy, application may be made to the Chief Executive Officer seeking permission for exceptional circumstance.

8. MONUMENTS/MEMORIALS FOR DECEASED PERSON – MONUMENTAL

Council will provide/erect/maintain an identification post on a burial site as a temporary memorial for a period of not more than two (2) years from the date of interment. Following this period of time a permanent memorial must be installed.

A person must not erect or install a memorial to a deceased person in a Council cemetery unless authorised under this policy. Council requires an *Application to Erect a Monument / Carry out Alterations* form prior to installation in a cemetery. Ten (10) working days notice, must be given to allow sufficient time for Council to approve an application.

An application for the erection of monuments should not be made unless a period of two (2) years has expired since the interment of human remains.

Council takes no responsibility for repairs due to age, weather or vandalism to the monument. Persons/Stonemasons who have gained permission to install monuments within Council's cemeteries must ensure that:

1. an *Application to Erect a Monument / Carry out Alterations* has been approved in writing by Council
2. the correct location of the burial sites is provided by Council
3. memorials must be constructed on a slab 1.2m x 2.4m x 15cm for single burial site
4. memorials must be constructed on a slab 2.4m x 2.4m x 15cm for double burial site;
5. memorials must be safely and securely placed;
6. memorials shall be consistent with the existing amenity of the section of the cemetery in which it is to be erected or installed;
7. memorials shall be marked with the name of the person whose remains are contained in the resting place;
8. all stone/cement masonry work is carried out in a professional manner;
9. the cemetery is left in a clean and tidy condition having removed all excess materials utilised for stone/cement masonry work; and
10. any damages to nearby burial sites occurring during installation of monuments must be reported to the Chief Executive Officer and the respective stonemason will be charged for repair costs.
11. the person/stonemasons carrying out work must hold a valid public liability insurance policy
12. the cost of such monument/memorial is to be borne by the applicant

9. MONUMENTS/MEMORIALS FOR DECEASED PERSON - LAWN

Council will provide/erect/maintain an identification post on a burial site as a temporary memorial for a period of not more than two (2) years from the date of interment. Following this period of time a permanent memorial must be installed.

A person must not erect or install a memorial to a deceased person in a Council cemetery unless authorised under this policy. Council requires an *Application to Erect a Monument / Carry out Alterations* form prior to installation in a cemetery. Ten (10) working days notice, must be given to allow sufficient time for Council to approve an application.

Council takes no responsibility for repairs due to age, weather or vandalism to the monument.

Persons/Stonemasons who have gained permission to install monuments within Council's cemeteries must ensure that:

1. an *Application to Erect a Monument / Carry out Alterations* has been approved in writing by Council
2. the correct location of burial site is provided by Council;
3. memorials must be safely and securely placed;
4. height of permanent infrastructure on a raised plinth does not exceed 15cm
5. memorials shall be consistent with the existing amenity of the section of the cemetery in which it is to be erected or installed;
6. memorials shall be marked with the name of the person whose remains are contained in the resting place;
7. all stone/cement masonry work is carried out in a professional manner;
8. the cemetery is left in a clean and tidy condition having removed all excess materials utilised for stone/cement masonry work; and
9. any damages to nearby burial sites occurring during installation of monuments must be reported to the Chief Executive Officer and the respective stonemason will be charged for repair costs.
10. the person/stonemasons carrying out work must hold a valid public liability insurance policy
11. the cost of such monument/memorial is to be borne by the applicant

10. LAWN CEMETERY PLINTH STANDARDISATION

To ensure consistency across the North Burnett Cemeteries, a raised plinth will be installed starting at various sections of each cemetery as listed below:

Location	Start
Dallarnil	Row 1, plot 11 – 20 Row 2, plot 11 – 20 Row 3
Degilbo	Row 7
Coalstoun Lakes	Row 3
Eidsvold	Row 1, plot 21 - 40
Gayndah	Row P
Monto	Section 110
Mundubbera	Row J
Mt Perry	Row F

11. REGISTER OF BURIALS / RESERVES

Council will ensure the recording of interments / reserves show the following details:

1. Surname;
2. Christian name/s;
3. Section and burial site number; and
4. Reference document identification number in MagIQ documents to relevant *Application for Interment* form which provides full details of deceased persons;
5. Location of reserve
6. Burial Right Holder details;
7. Receipt details;
8. Photo of headstone or plaque

12. RE-OPENING OF BURIAL SITES

Council will allow the re-opening of burial sites at all cemeteries subject to the following conditions:

Where a burial site is reopened for a second interment the excavation shall be made so as to leave a layer of undisturbed earth, not less than 0.3m in depth above the lid of any coffin already in the burial site. The upper surface of the coffin is to be at least one (1) metre below the natural ground surface level.

Monumental Sections Only

When the removal of monumental slabs and headstones are required, Council staff will take all reasonable care not to cause any damage, however, if a monument slab or headstone is inadvertently damaged during this process, Council will not be responsible for any repairs. If a monumental slab requires removal, it is compulsory that three (3) Council employees are present for the digging process. Additional fees apply, refer to fees and charges.

Lawn Sections Only

All burial sites within the Lawn Cemeteries are dug to a 2.3m to allow for re-opening at a later date. The family may request a reservation alongside the burial of another family member if preferred, however each burial site will be dug to double depth regardless of a side by side reservation.

13. EXHUMATION

Human remains in any cemetery within the North Burnett Regional Council jurisdiction shall not be interfered with or permitted to be interfered with unless The Local Government has granted approval for this action.

14. ORNAMENTS AND OTHER ITEMS

Ornaments and other items placed on plinths or monuments of the cemetery must comply with the following:

1. Items, including ornaments and other memorabilia may be placed on the concrete plinth or monument immediately adjacent to the memorial plaque or headstone in accordance with the requirements of this section;
2. Items are not permitted to be placed on the grassed area;
3. Ornaments or other items shall not obstruct or encroach onto adjoining burial sites;
4. Items are to be maintained in good order;
5. Items may be temporarily fixed to the memorial or concrete structure, permanent fixtures are prohibited;
6. Solar lights or battery operated lights are permitted providing they stay within the burial site in the monumental section and on the plinth in the lawn section
7. Ornaments or other memorabilia that are deteriorated are not permitted to remain in the cemetery;
8. Items on resting places shall not exceed 100sq.cm. in base area and 15cm in height;
9. Flowers and other items that are deteriorated must be removed from the cemetery; and
10. Vases or other containers capable of holding water must be removed if not holding flowers;
11. Glass, pebbles and fencing are not permitted on lawn, monumental or memorial areas;
12. Any type of planting in lawn burial site areas, monumental burial areas and ashes gardens is prohibited;
13. Council is not responsible for items stolen or damaged due to age, weather or vandalism;
14. Ornaments may drift away from burial sites at times, Council staff will place items on nearby burial sites if they are unaware of the original location;
15. Broken items on lawns or walkways that may cause risk to the public will be disposed of accordingly.

15. PLAQUE PROVISIONS FOR DECEASED PERSONS

Council requests that a plaque must be installed within two (2) years from the date of interment. Inscription must include the name, age and date of death of the individual. Applicable costs are to be paid in full, on approval of plaque quote and proof.

The following information is specific to different sections within Council Cemeteries.

Lawns

When remains are interred in a lawn section, the plinth or headstone is to have a plaque installed of approved size and material. The fee for interment includes a standard plaque to the value as specified in relevant fees and charges set by Council, any costs above the included plaque value is to be borne by the applicant.

Columbariums

When ashes are interred into a columbarium wall, the niche is to be completely sealed by a plaque of approved size and material. The fee for interment includes a standard plaque to the value as specified in relevant fees and charges set by council, any costs above the included plaque value is to be borne by the applicant.

Wall of Remembrance and Memorial Gardens

Plaques installed on the Wall of Remembrance or into Memorial Gardens must be of approved size and material. The cost of such plaque is to be borne by the applicant.

Monumental

Plaques installed onto a monument in the monumental section must be of approved size and material. The cost of such plaque is to be borne by the applicant.

Other Facilities

Council does not allow plaques to be placed on Council Facilities unless approved by Chief Executive Officer / General Manager.

Supply of Plaques by Council after two (2) years

Should a burial site within a Lawn or Columbarium section remain unnamed following a period of more than two (2) years from the date of interment, Council will take necessary action to supply a plaque accordingly. Council will advise the burial right holder/next of kin in writing of its intention to supply a plaque to an unnamed burial site. If no contact is made within 28 days of the date of this letter, Council will arrange for a standard plaque to be installed, inscription will include the name, age and date of death of the deceased.

No further plaque value as specified in relevant fees and charges is available following the automatic supply of a plaque by Council.

16. MAINTENANCE AND FACILITIES AVAILABLE

Council agrees that regular maintenance of cemeteries across the region will be provided in line with Councils approved Asset Management Plan.

Council does not take responsibility of the maintenance of monuments/plaques that may become damaged from age, weather or vandalism.

Refer to *Attachment A – North Burnett Regional Council Cemeteries used* for a full list of current facilities available within each cemetery in each location and restrictions applied.
